2025 Economic Outlook: Charting a Path to Opportunities

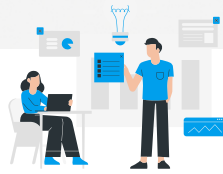

14 March 2025 (Friday) | 12:30-1:30pm | Zoom webinar

Join us for an insightful webinar that offers an in-depth analysis of the 2025 economic landscape. This session is designed for HR professionals who seek to understand the broader economic trends shaping workforce strategies and organisational growth in the coming year.

Global Economic Trends:

Explore anticipated shifts in global markets, including inflation rates, trade dynamics, and their implications for businesses and employment

Labour Market Insights:

Gain insights into the evolving labour market, including talent acquisition trends and the impact of economic factors on workforce planning

Strategic HR Implications:

Adapt HR strategies to align with economic forecasts, ensuring resilience and agility in organisational practices
